github.com/Praveen-dass

Skills

Languages: Java, c + +, MySQL, Python, JavaScript, HTML, CSS

Technologies: Spring Boot, ReactJS, Data Structure, Object Oriented Programming

Projects

Job Board

github.com/Praveen-dass/Job_Board.git

- We designed our application as an innovative job board platform to streamline the job search and recruitment process by offering unique features tailored to user needs. We used Spring Boot for the backend, MySQL for the database, and React for the frontend. We connected the database with the backend using JDBC
- Tools Used: Spring Boot, MySQL, React, JDBC, Tailwind CSS,HTML,JavaScript

Online Medical Pharmacy

Praveen-dass/onlinePharmacy.git

- Developed using React JS,Our web application provide a responsive and user friendly experience.Build with Modern Technology.Through this project, I honed my Skills in frontend development
- Tools Used: React, HTML, CSS,JavaScript
